By the end of the program, MSN nurse educator students will be able to:

**All Tracks**

1. Evaluate the principles, personal values, and beliefs that influence ethical decision making, which provides a framework for nursing practice.

2. Communicate effectively as a health care professional, creating collaborative interdependent relationships and act as advocates for the nursing profession and client population.

3. Incorporate nursing theory and evidence based practice in advanced nursing roles.

4. Understand the influences of human diversity and social issues in providing culturally sensitive health promotion and disease prevention strategies in a global society.

5. Assume a leadership role in the management of human, fiscal and physical health care resources to improve nursing practice and health care delivery.

**Nurse Educator Track**

1. Utilize education research to continually improve teaching strategies/skills.

2. Develop a teaching-learning style that facilitates learner development that meets the educational outcomes of the learner.

3. Assess and evaluate at both the course and program level.

4. Function as a leader and change agent in nursing education settings.

5. Participate in scholarship to further knowledge and abilities in nursing education.
