

Internal Reviews

The Faculty Senate Program Review Committee (FSPRC) will assign someone to Chair the Internal Review Committee for the program under review.

The Dept. Chair and/or School or Program Director and Dean will be notified of this assignment. The Internal Review Committee may administer a survey instrument to both students and faculty. They may see fit to do other types of assessments. See Internal Review Guidelines.

The IRC will submit the internal review report to the review contact and Kristene Fisher (kristene.fisher@unlv.edu). The program will review the report and provide a written response.
