UNIVERSITY OF NEVADA LAS VEGAS

Faculty Senate Program Review
Undergraduate Student Survey Summary

Name of Program:
Degrees Reviewed:
Date of Report:
Report prepared by:
It is very important that comments from the survey be summarized rather than reported verbatim so that those who have made comments cannot be individually identified.

SURVEYS SENT TO 26 STUDENTS; ALL RESPONDED (100%).

1. Do you attend classes full time or part time?
   Out of 26 students responded, 92% indicated full time class attendance while the remaining didn’t report class attendance status.

2. Are the program expectations clear in the following areas:
   - What courses must be taken
   - The order/timing in which courses must be taken
   - The major requirements for completing the program

Students unanimously indicated that they understand the major requirements for completing the program (100%); they overwhelmingly reported to have understood what courses must be taken (96%) while majority understood the order in which the courses must be taken (80%).

3. Are enough classes being offered for you to graduate in a timely manner?

A significant number (54%) of students indicated that course offerings were inadequate to complete the program in a timely manner.

4. To what degree are you satisfied with the classrooms available in your department/program?

A significant majority of the students (88%) were satisfied with the available classrooms.

5. To what degree are you satisfied with the equipment available in your department/program?

Regarding equipment, an overwhelming majority of the students were satisfied (92%).

6. To what degree are you satisfied with the library resources you have used?

As to library resources, an overwhelming majority (96%) of respondents were satisfied with library resources.

7. Are you able to see an advisor as often as you need?

An overwhelming majority (92%) of students reported they were able to see an advisor as often as needed while 8% of students reported they were not able to see an advisor as often as needed.

8. Are you satisfied with the academic advisor for your program?

96% of respondents were either very satisfied or satisfied (69% and 27%, respectively) with the
academic advisors for the program. However, 4% indicated they were dissatisfied.

9. Please evaluate the quality of the learning experiences you have had in the program.

A significant majority of students (80%) ranked the quality of their learning experience either excellent or good (46% and 34%, respectively). 15% of the respondents indicated that the experience they had in the program was average while 4% ranked their experience in the program poor.

10. Do you feel that your program is preparing you well for your chosen career?

42% of students feel they are being well prepared, 46% feel they are being adequately prepared for their chosen career, and 4% feel they are being poorly prepared. The 8% of the respondents reported, however, that they didn’t know about their preparation for their chosen career.

11. What is your level of satisfaction with the department or college’s career/job placements?

A significant majority (84%) of students reported that they didn’t know about the career/job placement efforts of the department, whereas 8% of the respondents reported being satisfied. It is worth noting that 12% of respondents explicitly stated “job placement efforts are performed by the University Career Services Office,” acknowledging the university unit and expressing implicit dissatisfaction with the department/college career services office or lack of it.

12. Please add any comments about the program.

Several students also commented on the following:

- a need for more class offerings so that students can graduate in a timely manner
- a need for more instructors
